

APPROVED

**Charter Township of Bangor
Public Works Committee
March 5, 2021
10:00 a.m.**

PRESENT: Glenn Rowley, Karie Wardynski, Tim Banaszak

K. Wardynski called the meeting to order at 10:03 a.m.

Moved by K. Wardynski, supported by T. Banaszak, to approve the November 20, 2020 committee minutes as presented. Motion carried – All in favor.

Discussion took place regarding the pump stations on Ranch and Westlawn. Bids have been received and opened. RCL Construction bid \$508,000 while J.R. Heineman & Sons bid \$548,000. Due to the amount and previous experience with the vendor, Wade Trim recommends RCL Construction. G. Rowley also reached out to the Water Department and they are also comfortable with the work performed by this company. Moved by T. Banaszak, supported by G. Rowley, to recommend awarding the contract to RCL Construction to the Township Board. Motion carried – All in favor.

G. Rowley indicated that there may be a streetlight request submitted soon for Bangor Road, just south of Alderwood. T. Banaszak agreed that a streetlight in that area would be a good idea. This committee will discuss further once the request is received.

Being no further business, the Department of Public Works Committee Meeting adjourned at 10:07 a.m.

Submitted by,

Karie Wardynski
