

APPROVED

Charter Township of Bangor
Fire Department Infrastructure Committee

January 4, 2024

4:30 pm

PRESENT: Tracy Koch, Mike Galloner, Mike Sarnowski, Ed Martin, Tim Banaszak

EXCUSED: Karie Wardynski, Brian Taylor

M. Galloner called the meeting to order at 4:33 pm

Motion to approve the minutes from November 30, 2023 as presented made by T. Banaszak, supported by M. Galloner, motion carried unanimously.

Discussion about tour of Monitor Township Fire Department.

M. Galloner mentioned Thomas Township Fire Department is wrapping up a new station, is going to see if we can coordinate a tour.

M. Sarnowski, suggesting double-up two to a bedroom but nobody would share at the same time, would use on different shifts.

M. Galloner, need ample bathrooms, have one located off apparatus bay

M. Galloner, at the captain's meeting this morning he requested captains to have their guys give them their *needs* now, can discuss *wants* later.

M. Sarnowski, recommends the bays be long enough to house the trucks if there is an issue at station 7 and trucks need to be housed temporarily, over storing outside. Need to measure the lot to see what we can accommodate. Would be ideal to have bays be 18' wide.

T. Banaszak, would trucks enter station off Euclid, plan right now is to enter off Columbian and pull out onto Euclid.

T. Banaszak, plumbing would be above each bay, would prevent freezing.

M. Sarnowski, recommended drains that run the full length of each bay, doesn't see the need for a wash bay, M. Galloner mentioned it would help keep each bay clean to have a specified wash bay.

T. Banaszak, we need to look into green energy and possible grant opportunities.

M. Sarnowski, architect should be able to help with ADA requirements; work-out room should have a roll-up door to make moving equipment easier; would like to see the cement dedication block from the MSP post incorporated into a new building; geothermal heat would be beneficial.

Next meeting: Wednesday, January 31 at 4:30 pm
